For hunters that have hunted in Saskatchewan after 2013, you will have a HAL# but likely have not set your password. You will click [Click here if you are an existing user without a password](#). If you hunted in 2015 you should have set a password.

.For new hunter, you will need to sign up for a HAL number. Scroll down to the tab [No, I want to create a new record](#) and follow the instructions.

Once you have your HAL and are signed in, click on [Purchase a License](#) at the top of the page.

This will take you to the Residency Status Declaration page. You will need to click on your respective residency and click proceed.

This will take you to the Licenses pages. Scroll down to the Hunting header and click on the [Game Bird License](#) tab.

This will take you to the License Details page. There will be a red outlined box describing the Federal Migratory Game Bird Permit. **You must purchase this license at <http://www.permis-permits.ec.gc.ca/en>. For the nearest town section, Lucky Lake Saskatchewan will be fine. You will be asked if you want a stamp mailed to you. If you want a stamp to collect then click the box, otherwise you don't need this. You will be sent an email from Environment Canada that will contain a PDF attachment that is your stamp. You will need to print this off and have it with you. Make sure when you print the stamp that your printer is set to "Fit", otherwise it won't print your stamp number in the top right.

Click Add to Cart and this will take you to the New Products Added page. This just tells you that a Saskatchewan Wildlife Habitat Certificate will be added to your purchase, which has always been standard. Click Continue.

This will take you to the check out page.

As non residents, you are required to have a Ledger. This will be mailed to you, with your license, within 10 days of ordering your license. You will need to bring your license, ledger and stamp for your hunt.
